What you should know about the National Do Not Call Registration Information

The National Do Not Call Registry gives you a choice about whether to receive telemarketing calls at home. [Most telemarketers](http://www.donotcall.gov) should not call your number once it has been on the registry for 31 days. If they do, you can file a complaint at the National Do Not Call Registry (www.donotcall.gov).

Telephone numbers placed on the National Do Not Call Registry will remain on it permanently due to the Do-Not-Call Improvement Act of 2007, which became law in February 2008. More than 157 million phone numbers are on the National Do Not Call Registry. Consumers can delete their telephone numbers from the registry at any time by calling 1-888-382-1222 (TTY call 1-866-290-4236) – the call must be made from the telephone number they wish to delete.
